***The Immigration, Refugees and Citizenship Canada Special Event Code for this event is: 19HACK***

Congratulations on being accepted to attend Hack the North 2019! We were extremely impressed by your application and are excited to see what your expertise will bring to the event this fall.

On behalf of the organizing team, I would like to extend an invitation to BERBACHE Messaoud Bahe Eddine to participate in Hack the North. As a student at The Higher National School of Computer Science, you will join 1,500 students from all over the world to build innovative projects over the course of 36 hours.

Detailed information regarding your participation in the event is provided below.

- **Event venue:** University of Waterloo (200 University Avenue West, Waterloo ON, N2L 3G1).
- **Event duration:** 6 PM EDT on September 13, 2019 to 4 PM EDT on September 15, 2019.
- **Meals:** All meals – breakfast, lunch, dinner, snacks, and drinks – will be provided during the event.
- **Accommodations:** You will be provided with accommodations at the University of Waterloo to rest and wash for the duration of the event.
- **Financial reimbursement:** You will be provided with \$565 USD to travel from Houari Boumediene Airport (ALG) to Toronto Pearson International Airport (YYZ). You can choose to receive your reimbursement via cheque, wire transfer, PayPal, or Xoom.
- **Transportation to/from airport:** Shuttles will be arranged between Toronto Pearson International Airport and the University of Waterloo exclusively on September 13, 2019 and September 15, 2019.
- **Personal responsibilities:** All event services described above will be provided to you free of charge. You will not be expected to make any purchases during the event.

Hack the North is an annual event hosted by Techyon, a non-profit based in Waterloo. If you have any questions regarding your stay or travel, please contact us at (650) 559-6062 or email us at [hello@hackthenorth.com](mailto:hello@hackthenorth.com).

Sincerely,

**Corbin McElhanney**

Director, Techyon/Hack the North
